

# 7 Ways I Fell in **LOVE** with You

She's so beautiful when she gets ready for me...

Okay, I'm ready!

Too dumb to express feelings properly...

So? How do I look?

Uh, good...nice?

UGH! You don't even care how I look!

I'm not even attractive to you, am I?

Agh, I'm so dumb... ❤

We're in a long distance relationship...

...and I don't know how to express it...

I can tell something is wrong. What's going on?

Are you feeling down? What happened?

It's nothing...

You can talk to me. I'm here for you...

How did she know???

...I feel connected to her, even from afar... ❤

You can talk to me. I'm here for you...

...We're miles apart but she understands me.

When we come back to hostel after college... ❤️

She makes quick, delicious snacks with limited hostel supplies... ❤️
